### DAILEY'S STOCK COMPANY.

Put Another Beautiful Play on the Opera House Boards.  
"Queen." Robert Tillotson's charming society drama, was rendered charmingly by Dailey's players last night, with May Nannery in the title role. The stage fittings and ornaments of the ladies magnificent, while the acting and histrionic displays of the leaders were finely effective. May Nannery's front and collapse in the third act was a splendid piece of acting and elocution. Mr. Dailey made a grand old man as the Earl of Chandos. Mortimer Snow disappointed no expectations in his refined personation of Lord Walter Huntington. The dialogue and by-play between Chas. Connors and Mrs. Bates gave lots of comedy. Josie Gassman made a remarkably good old lady. Below is the entire cast, Miss Wolters representing local talent:

Lord Walter Huntington—Mortimer Snow.  
Earl of Chandos—W. R. Dailey.  
Frank Horton (Queen's private secretary)—Wm. Bennett.  
John Henry Wilkins (an American)—Chas. Connors.  
Charles St. Clair (Alice's brother)—Edwin Lloyd.  
Queen—May Nannery.  
Mrs. Rene—Mrs. F. M. Bates.  
Florence Nightingale Fletcher—Genevieve Sannary.  
Alice St. Clair (an English girl)—Josephine Gassman.

Mr. Abud preached at St. Andrew's Cathedral morning and evening last Sunday, his sermons being models of simplicity and earnestness.

### The Advertising

## CONTRACT OF A KAHUNA.

Kamoa Tells How the Officer Broke His Limbs.

Kamoa, the native who had his right arm and leg broken by Officer Logan on Queen street on Tuesday evening, April 21, is still lying in a cot at the Queen's Hospital. A BULLETIN reporter called this morning to ascertain how he was getting along, and to sift a report that a kahuna (native doctor) was attending on him. Kamoa was found playing checkers with an attendant. He was able to use his arm, but not to bend it. A big black bruise above the elbow showed where the officer's billy had landed. His leg was wrapped up in bandages. The limb was healing and coming together slowly. Kamoa said that he thought the lower part of his leg had fallen off, and he had a feeling at times as if it was coming together again.

Kamoa's statement as to the trouble is as follows: He had assaulted his wife in a fit of jealous passion. Officer Logan arrived in response to a telephone message. Kamoa consented to go to the Station, and turned to kiss his wife, when the officer snatched his whip at him. Mrs. Kamoa sang out to the officer not to be so domineering, when the officer replied, "You are a captive of the law." Kamoa walked ahead, and the officer began prancing his horse and snapping the whip, as if he was driving a lot of cattle to market. The prisoner remonstrated with the officer, when the latter struck at him. This was more than nature could stand and he caught the officer and dragged him from the horse. The officer called to bystanders for help and five men responded and held Kamoa. The officer struck at him on the leg, while he was being held, breaking it. Being thus disabled he was released, and a second blow was delivered on the arm, also breaking that member.

When interrogated as to the authenticity of a report that he was receiving medical attention from a kahuna, Kamoa answered in the affirmative. From other sources it is learned that a kahuna named Haahae, a backslider, had volunteered to cure Kamoa in three weeks. Dr. Wood had given Haahae a month's time, but the latter would not have it. Consequently Dr. Wood had made an agreement that should Haahae succeed and put Kamoa on his feet in three weeks, he will give him a reward of \$500. Haahae made his first visit on Monday last and used a certain mixture of herbs, known as "kooli." His next visit will be on Sunday next. Haahae is very confident of effecting a cure in the stated time. Should his expectation be verified he will have a good show for a steady job.

### EIGHT MONTHS ADDED.

George Ryan of Crown Jewel Fame Found Guilty.

The continuation of George Ryan's trial for attempting to break chain gang on April 26 was heard in the District Court this morning. Ryan produced on the witness stand in his defense a cart luna and a Chinese prisoner. They gave evidence denying that Ryan had assaulted anyone, but on the contrary was assisting him. Ryan, the luna, against the assault of Nane and Jimmy Loy.

District Magistrate Robertson, after reviewing the evidence, found that it bore too much weight against the prisoner. Ryan was sentenced to eight months' imprisonment at hard labor, the sentence to begin at the expiration of his former sentence for the crown jewels robbery. Jailor Low will double the watch on this dangerous character in the future.

### Trip to Scotland To-night.

The Scottish Thistle Club has for several years kept its tables supplied with the leading American and British periodicals and high-class weekly newspapers. Mrs. Gans has kindly tendered her lecture on Scotland, illustrated with more than 100 views, for the benefit of the reading room fund of the club. It is a magnificent exhibition of the far famed scenery of the land of mountains and flood. All the young people should attend, as this kind of lecture is of great educational value.

## Hood's Cures

Numerous Boils

And Catarrh in the Head

Mr. W. L. Tucker

Roseburg, Oregon.

"I feel that it is impossible for me to say too much in favor of Hood's Sarsaparilla. I was a great sufferer from impure blood and Catarrh in my head. Do's comforters failed to comfort me, and I suffered from numerous boils.

Agony Beyond Description.

When I began to take Hood's Sarsaparilla I had six of them, only four of which came to a head, and since then, thanks to this good medicine, I have been free from the great affliction. I gained 11 pounds in three weeks. The Catarrh in my head which has troubled me for years has also been cured by Hood's Sarsaparilla and I

am enjoying good general health. I earnestly recommend Hood's Sarsaparilla to all who are afflicted." W. L. TUCKER, Roseburg, Oregon.

## The Tagawa Coal Mine

is located in Fukuoka Ken in the Island of Kinshui, Japan, and was discovered about twenty years ago. It was owned by the government and mined simply for the government's use.

Great improvements, however, were made since it was sold to a corporation about six years ago, by importing mining machinery from Europe and America.

Tagawa Coal is used more than all other Japanese coals in the following countries: China, Manila and Strait Settlements. It has found its way even to Bombay.

Two cargoes have been imported into the Hawaiian Islands recently, and it has no superior in this market as stove or steam coal.
